STRENGTH

to vigorously push a business,
strength to study a profession,
strength to regulate a household,
strength to do a day's labor with-
out physical pain. All this repre-
sents what is wanted, in the often
heard expression, "Oh I wish I
had the strength!" If I am
broken down, have not energy, or
feel as if life was hardly worth liv-
ing, you can be relieved and re-
stored to robust health and strength
by taking BROWN'S IRON BIT-
TERS, which is a true tonic—a
medicine universally recommended
for all wasting diseases.

got N. Fremont St., Baltimore
During the war I was in-
jured in the stomach by a piece
of a shell, and have suffered
from it ever since. About four
years ago it brought on paraly-
sis, which kept me in bed six
months, and the best doctors
in the city said I could not
live. I suffered fearfully from
indigestion, and for over two
years could not eat solid food
and for a large portion of the
time was unable to retain even
liquid nourishment. I tried
Brown's Iron Bitters and now
able to get up and go around
and am rapidly improving.
G. DECKER.

BROWN'S IRON BITTERS is
a complete and sure remedy for
Indigestion, Dyspepsia, Malaria,
Weakness and all diseases requir-
ing a true, reliable, non-alcoholic
tonic. It enriches the blood, gives
new life to the muscles and tone
to the nerves.

DR. JOHN BULL'S
Smith's Tonic Syrup
FOR THE CURE OF
FEVER and AGUE
Or CHILLS and FEVER,
AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medi-
cine justly claims for it a superiority over
all remedies ever offered to the public for
the cure of MALARIAL DISEASES. It is a
perfect cure of Ague and Fever, or Chills
and Fever, whether of short or long stand-
ing. He refers to the entire Western and
Southern country to bear his testimony to
the truth of the assertion that in no case
whatever will it fail to cure if the direc-
tions are strictly followed and carried out.
In a great many cases a single dose has
been sufficient for a cure, and whole fami-
lies have been cured by the single bottle,
with a perfect restoration of the general health.
It is, however, prudent, and in every case
more certain to cure, if it is continued in
smaller doses for a week or two after the
disease has been checked, more especially
in difficult and long-standing cases. It
is a safe and reliable remedy, and is
entirely free from any dangerous or
injurious ingredients. It is a perfect
cure for the Ague and Fever, or Chills
and Fever, whether of short or long stand-
ing. He refers to the entire Western and
Southern country to bear his testimony to
the truth of the assertion that in no case
whatever will it fail to cure if the direc-
tions are strictly followed and carried out.

In a great many cases a single dose has
been sufficient for a cure, and whole fami-
lies have been cured by the single bottle,
with a perfect restoration of the general health.
It is, however, prudent, and in every case
more certain to cure, if it is continued in
smaller doses for a week or two after the
disease has been checked, more especially
in difficult and long-standing cases. It
is a safe and reliable remedy, and is
entirely free from any dangerous or
injurious ingredients. It is a perfect
cure for the Ague and Fever, or Chills
and Fever, whether of short or long stand-
ing. He refers to the entire Western and
Southern country to bear his testimony to
the truth of the assertion that in no case
whatever will it fail to cure if the direc-
tions are strictly followed and carried out.
